

INTRODUCING MOB MART

Making Digital Payments Easier

WHY ARE WE DIFFERENT?

Our goal is to make payments easier for you

Customer service is our number one priority. We realise how important it is for you to be able to go on with your daily life without having to think about lack of cash or a slow mobile money service. We want to provide our customers with the best shopping experience possible. We are working with our vendor partners for you to have first access to the latest discounts and promotions in the areas you shop.

Our app services have been built from the ground up along with strategic partnerships to connect mobile wallets everywhere we want to provide an enhanced service for our customers at home or abroad. We are constantly reviewing our application building process and working on the latest version of technology in order to provide that benefit to our customers.

WHAT IS MOB MART ?

MobMart is a digital mobile payment platform that uses mobile money as well as bank cards to pay for goods and services. MobMart allows transactions to take place between different mobile money providers. We are focussed on making your life easier. Our aim is to increase access to digital payments.

WHEN CAN I TRY IT?

We are currently in the testing phase of our product with a limited number of users however we will be inviting select customers to try out the product in a few months. For more information follow us on our social media pages, twitter, instagram, facebook and linkedin. Keep up to date with our latest news and developments from the team

Where can I use it ?

Currently our app is functional in areas where there is an MPESA mobile money account, Airtel Zambia. We are working on expanding our geographical locations to other countries.

What's next ?

'We will be using this blog to communicate with you and to introduce you to our app, our team. We are excited for you to come on this journey with us.
